## **Falko Regional Aircraft Limited recognised in London Stock Exchange Group's '1000 Companies to Inspire Britain' report**

**London, May 10, 2017** – Falko Regional Aircraft Limited (Falko), a market leading asset management company focused on the regional aircraft sector, is pleased to announce it has been recognised in the 1000 companies to inspire Britain report. The report is a celebration of the UK's fastest-growing and most dynamic small and medium sized businesses across the UK.

To be included in the list, companies needed to show consistent revenue growth over a minimum of three years, significantly outperforming their industry peers. More detail on the methodology can be found in the report online at [www.1000companies.com](http://www.1000companies.com).

"We are very proud to receive this acknowledgment from the London Stock Exchange. This is recognition for the endeavour and spirit of the Falko employees who have built our business over the past five years." Said Jeremy Barnes, Chief Executive Officer at Falko

Xavier Rolet, Chief Executive, London Stock Exchange Group said: "Four years on, LSEG's '1000 Companies to Inspire Britain' report continues to highlight the dynamic, entrepreneurial and ambitious businesses across the country that are boosting UK productivity, driving economic growth and creating jobs. The strength and diversity of these companies is readily apparent with a broad mix of UK regions and sectors represented. These companies are the very heart of an 'anti-fragile' economy: more robust; more flexible and less prone to boom and bust. We must ensure we continue doing all we can to support high growth potential businesses like these.

"London Stock Exchange Group is fully committed to supporting and implementing initiatives which improve access to and cut the cost of finance for growing companies. We welcome the Government's focus on supporting SMEs as part of its Industrial Strategy and await the outcome of its review into long-term patient capital."
